Georgia State University

Atlanta, Georgia

B.S. in Data Science. GPA: 4.01

August 2022 - Spring 2026

Organizations: The 1913 Society, Panthers in the Valley, GSU Honor's College

Relevant Coursework: Data Structures & Algorithms, Theoretical Foundations of CS, Probability & Stats for CS, Multivariate Calculus, Linear Algebra

Certificates: Google Advanced Data Analytics (In Progress)

TECHNICAL SKILLS

Computer Languages: Python, R, HTML, CSS, C

Software/Systems: Visual Studio IDE, Tableau

Libraries: Pandas, Numpy, Seaborn, Matplotlib

PROJECTS

Analysis of Online Sales Data

April 2023

- Analyzed online sales data from a 2021 retailer dataset obtained from Kaggle, utilizing the Visual Studio IDE for development.
- Employed **pandas** to process and interpret over 100,000 data points, identifying key trends and insights.
- Visualized findings using **matplotlib**, presenting concise results through bar graphs to facilitate data-driven decision-making.

Portfolio Website

September 2024

- Utilized **HTML**, **CSS**, and **JavaScript** to develop a personal website containing all professional information including "about", "project", and "contact me" sections.
- Hosted on GitHub and deployed using Netlify.

WORK EXPERIENCE

Chick-fil-A

Conyers, Georgia

Certified Trainer

July 2021 – Present

- Effectively resolved guest complaints, alleviating pressure on Shift Leads and contributing to a smooth, efficient shift operation.
- Provided leadership and guidance to new team members, ensuring their successful onboarding while cultivating a positive and collaborative work environment.

EXTRACURRICULAR

Amazon FBA and FBM Seller

July 2023 – Present

- Operated Amazon's FBA (Fulfillment by Amazon) and FBM (Fulfillment by Merchant) programs, generating over **\$20,000** in sales for my self-owned business, *Last World LLC*.
- Dedicated approximately 20 hours per week conducting product research, handling packaging, and managing shipments to both customers and Amazon fulfillment centers.

Peer Mentorship

Fall 2023

- Provided one-on-one mentorship to a fellow student in College Algebra, helping them grasp foundational concepts, complete assignments, and prepare for major exams.
- Successfully improved the student's grade from a **C** to an **A-** over the semester.
